'Unique Opportunity' Historic Hand-Crafted Piece of History

Set upon approximately a 2,296m² parcel of land in a 'Prime Laguna Village Location', the rare opportunity has arisen to acquire this remarkable hand-crafted piece of history and land mark. With historic significance to the area dating back to around 1882, St. Marks Anglican Church was hand built from locally hewn sandstone and felled cedar. Consecrated in November 1884, Bishop Pearson consecrated the church and remarked that St. Mark's was enriched by gifts contributed by local families.

As you walk around the church building there are many testaments of a continuing reverence for this hand-built church building in the hearts of the founding families. Original features throughout the building include authentic shingles on the bell tower, enriching stained glass windows and amazing hand-crafted timber works throughout.

Laguna is a pioneering village located on the Great North Road and has a first colonial settlement significance etched into its character. A strong sense of community lives on in the untouched, relaxed, atmosphere of this beautiful church building and surrounds. To be the custodians of this truly magnificent landmark would be absolutely something to be proud of.
